COURSE OF INSTRUCTION,

Approved by the State Authorities.

ELEMENTARY COURSE.

A thorough knowledge of the branches taught in common schools, as required by law, including higher arithmetic and higher grammar; also,

PHYSICAL GEOGRAPHY, as much as found in Warren's; and Mathematical, as much as found in Smith's.

ETYMOLOGY.—Prefixes and suffixes, as found in ordinary text-books; scientific terms of the studies of the course; Grim's laws, Max Muller's principles, and Trench's study of words.

GEOMETRY.—Plane and solid Geometry, including the measurement of the surface, the volume, the prism, the pyramid, the cylinder, the cone and the sphere.

ALGEBRA.—As found in elementary text-books.

BOOK KEEPING.—Single entry, as found in ordinary text-books, with the knowledge of the use of checks, notes, drafts, &c.

PHYSIOLOGY.—As found in the larger common school text-books.

NATURAL PHILOSOPHY.—As found in the ordinary text-books, with use of apparatus.

BOTANY OR GEOLOGY.—As found in ordinary text-books.

HISTORY UNITED STATES AND CONSTITUTION.—As in ordinary text-books.

RHETORIC.—As in ordinary text-books.

PENMANSHIP.—To be able to teach and explain some approved system.

DRAWING.—Two books of Bartholomew's drawing books, and sketch upon the blackboard, objects from nature and art.

VOCAL MUSIC.—Principles as found in ordinary text-books, and attendance upon daily exercises for at least one-third of a year.

THE THEORY OF TEACHING embraces three things, namely:

1st. A knowledge of the mental and moral powers, and the methods of training them.

2d. A knowledge of the methods of teaching the different branches of study.

3d. A knowledge of the methods of organizing and managing public schools.

THE PRACTICE OF TEACHING includes forty-five minutes daily practice in the Model School, and two meetings each week for the discussion of the practice of teaching.

THE THEORY OF TEACHING must be commenced the second half of the junior year, and continued during the entire course.

SCIENTIFIC COURSE.

PLANE AND SPHERICAL TRIGONOMETRY AND SURVEYING.

HIGHER ALGEBRA.—As found in ordinary text-books.

ANALYTICAL GEOMETRY AND CALCULUS.

CHEMISTRY.—As found in ordinary text-books.

NATURAL PHILOSOPHY.—As much as in Olmsted, revised by Snell.

ZOOLOGY.—As found in Agassiz and Gould.

GENERAL HISTORY.—As found in Weber or Wilson.

ENGLISH LITERATURE.—As found in Shaw.

ASTRONOMY.—As found in Loomis.

LOGIC.—For one third of a school year.

MENTAL AND MORAL PHILOSOPHY.—As found in ordinary text-books.

MISCELLANEOUS PROVISIONS.

THESIS.—In each course a thesis must be written upon some educational subject.

STITUTIONS.—Lady pupils may be permitted to substitute for Spherical Trigonometry, Analytical Geometry, Calculus and the Mathematical parts of Natural Philosophy and Astronomy, an equivalent amount of Latin, French or German.

SCHOOL YEAR.—Shall consist of forty-two weeks.

AT EXAMINATION, a paper stating that the candidates have completed the course of study for Normal schools, have taught the required time in the Model School, and have been examined and approved by the faculty, shall be presented to the board of examiners.

RECOMMENDATION.—The pupils of the Normal Schools are recommended to study the Latin, French, and especially the German language, as far as practicable.

ELEMENTARY COURSE.*Sub-Junior Year.*

1st Term.—Practical Arithmetic; First Lines English Grammar; Mental Arithmetic; Orthography; Reading.

2d Term.—Practical Arithmetic; English Grammar; Mental Arithmetic; Orthography; Reading; Drawing; Descriptive Geography.

3d Term.—Practical Arithmetic, (completed;) Mental Arithmetic, (completed;) English Grammar; Descriptive Geography; Drawing; Reading; Orthography; Review of the studies of the year.

Students with a fair knowledge of the branches named in the Sub-Junior course, can graduate in two years.

Junior Year.

1st Term.—Elementary Algebra; English Analysis; Higher Arithmetic; Drawing; Book Keeping.

2d Term.—Elementary Algebra; Higher Arithmetic, (completed;) English Analysis; U. S. History, (commenced;) Theory of Teaching.

3d Term.—Elementary Algebra, (completed;) Botany or Geology; U. S. History and Constitution; Composition; Drawing; Theory of Teaching; Review of the studies of the year.

Senior Year.

1st Term.—Geometry; Natural Philosophy; Physical and Mathematical Geography; Etymology; Theory of Teaching

2d Term.—Geometry, (completed;) Natural Philosophy, (completed;) Mental Philosophy; Physiology; Rhetoric; Normal Training, (Russell.)

3d Term.—Physiology, (completed;) Rhetoric, (completed;) Moral Philosophy; Review of the studies of the year.

During the first and second term of this year the class will be required to teach in the Model School at least forty minutes each day.

SCIENTIFIC COURSE.

Having completed the studies of the Elementary Course, or their equivalents, students can enter this Course and graduate in two years. The studies are as follows:

Junior Year.

1st Term.—Higher Algebra; Geology; Zoology; Logic.

2d Term.—Higher Algebra, (completed;) Chemistry; Modern History.

3d Term.—Trigonometry and Surveying; Chemistry; General History; Review of the Studies of the Year.

Senior Year.

1st Term.—Analytical Geometry; Astronomy; English Literature.

2d Term.—Calculus; Astronomy; English Literature.

3d Term.—Mental and Moral Philosophy; Physics; Review of the Studies of the Year.

CLASSES.

Classes are formed in the school outside of the regular course somewhat according to the wants of students; but classes beginning with the school year, usually continue from one term to another without change.

It is recommended that those purposing to graduate in the Elementary or Scientific course should pursue Latin or the Modern Languages at least one year.

The books used in German are Woodbury's Method, Soden's Reader, Works of Goethe, and others.

In French, Fasquelle's French Course, French Reader, French, Dialogues, Corinne, Piccola. The course embraces more in Modern Languages.

It is very desirable to form all classes in the Languages the first term of the school year, and that those commencing any language should continue at least one year.

TABULAR VIEW OF EXERCISES BY TERMS.

FIRST TERM.

EXAMINATIONS.

The examinations for graduation are conducted by the Faculty of the School, and by a Board of examiners.

The Faculty first examine the candidates, and if found qualified they refer them to the Board.

The Board of Examiners consist of such Principals of the State Normal Schools as may be designated by the Superintendent of Common Schools; and the examinations are to be conducted in presence of the State Superintendent, and the County Superintendents of the Normal School District in which the school is located.

A Thesis upon some educational subject will be required as a part of the examination.

STATE APPROPRIATIONS

TO STUDENTS AND GRADUATES.

By a recent Act of the Legislature, the following appropriations are made by the State to Normal Students and Graduates :

1. Each Student over *seventeen years* of age, who shall *sign a paper* declaring his *intention* to teach in the Common Schools of the State, shall receive the sum of FIFTY CENTS *per week* towards defraying the expenses of tuition and boarding.
2. Each Student over *seventeen years* of age, who was *disabled in the military or naval service* of the United States, or of Pennsylvania, or whose *father lost his life* in said service, and who shall sign an agreement as above, shall receive the sum of ONE DOLLAR per week.
3. Each Student who *upon graduating* shall sign an agreement to teach in the Common Schools of the State *two full years*, shall receive the sum of FIFTY DOLLARS.
4. Any Student to secure these benefits must attend the School at least one term of twelve consecutive weeks. These benefits are to be deducted from the regular expenses of board and tuition.

Forms of Application for the Allowances made by the State, to Pupils preparing to teach, at the State Normal School.

1. FORM OF APPLICATION FOR UNDERGRADUATES.

STATE NORMAL SCHOOL OF THE.....DIST.,

.....186..

We, the undersigned Students of the State Normal School of theDistrict, hereby declare, that it is our object in attending this institution, to prepare ourselves for the duties of teachers, and that it is our intention to teach in the Common Schools of Pennsylvania :

Amount Due...	Weeks.....	Date of Leaving	Date of Entering	Class at \$1 per week. Class at 50 cts. per week.	Address.....	Age.....	SIGNATURES.

.....186

To J. P. WICKERSHAM,

Superintendent of Common Schools.

SIR :—The above is a list of the students in this institution during the term ending....., 186.., who have signed the declaration of intention to become teachers in the Common Schools of Pennsylvania, as required by law, together with the age of each, his address, class, date of entering, date of leaving, number of weeks of attendance, and the amount due him; and I hereby further state that each person named in said list has attended this Institution consecutively for the number of weeks for which the allowance is asked; that he has received regular instruction in the science and art of teaching in a special class devoted to that object, for the whole time; that the price of boarding and tuition has been approved by the Superintendent of Common Schools, and is the same for all students pursuing similar studies; that the whole amount asked as an allowance to each student has been deducted from his expenses; that the conditions and requirements of the law have in all respects been fully complied with; and that the allowances set opposite each name are

severally due as indicated in the list according to the sixteenth section of the General Appropriation Act, approved on the eleventh day of April, one thousand eight hundred and sixty-six.
Principal.

Personally appeared before me the above named
 Principal of the State Normal School, of the.....District,
 and being duly....., says, that the above statement is correct
 according to the best of his knowledge and belief.

.....J. P.

I hereby certify that the statement of facts above given is correct to the best of my knowledge, and that.....
 is Treasurer of the Board of Trustees of the State Normal School of this district.

.....
 President Board Trustees.

2. FORM OF APPLICATION FOR GRADUATES.

STATE NORMAL SCHOOL OF THE.....DIST.

We, the undersigned Graduates of the State Normal School of theDistrict, hereby agree in good faith to teach two full years in the Common Schools of the State of Pennsylvania, unless prevented by sickness, or other unavoidable circumstances.

SIGNATURES.	AGE.	ADDRESS.	AM'T DUE.

.....186..

To J. P. WICKERSHAM,

Superintendent Common Schools.

SIR:—The above is a list of the Graduates of this Institution for the year commencing on the first Monday of June, 186 , who have signed the pledge to teach two full years in the Common Schools of the State, as required by law, together with the age and address of each, and the amount due him; and I hereby further state, that each person named in said list has attended this Institution at least one term of twelve consecutive weeks; that the price of boarding and tuition has been approved by the Superintendent of Common Schools, and is the same for all students pursuing similar studies; that the full amount due each student has been deducted from his regular expenses; and that all the conditions and requirements of the General Appropriation Act, approved on the eleventh day of April, one thousand eight hundred and sixty-six, have been complied with.

.....Principal.

.....COUNTY, ss:

Personally appeared before me the above named.....
 Principal of the State Normal School of the.....District, and

being duly . . . , says that the above statement is true to the best of his knowledge and belief.

.....J. P.

I hereby certify that the statement of facts above given is correct to the best of my knowledge, and that.....is Treasurer of the Board of Trustees of the State Normal School of this District.

.....
President of the Board of Trustees.

DIPLOMAS.

A Student graduating in the Elementary Course, will receive a Diploma, in which will be named the branches he has studied, and by which he will be constituted BACHELOR OF THE ELEMENTS ; the Diplomas of those graduating in the Scientific and Classical Courses, will enumerate the distinctive branches of these Courses, and constitute their holders, respectively, BACHELORS OF THE SCIENCES, and BACHELORS OF THE CLASSICS.

Regular graduates who have continued their studies for two years, and who have practiced their profession during two full annual terms in the Common Schools of the State, and who have presented to the Faculty and Board of Examiners, a certificate of good moral character and skill in the Art of Teaching from the Board or Boards of Directors in whose employ they taught, countersigned by the proper County Superintendent, may receive second Diplomas, constituting them MASTERS in the several studies embraced in the Courses in which they graduated, and conferring upon them corresponding professional degrees as follows :

Teachers of Elementary Didactics.

Teachers of Scientific Didactics.

Teachers of Classical Didactics.

The Normal School law makes it the duty of the authorities of the Normal Schools to grant Diplomas or State Certificates to Actual Teachers in Common Schools, without their having attended the Normal Schools as students. The following are the conditions upon which these Diplomas will be granted :

1. Each applicant must be 21 years of age, of good moral character, and have taught successfully during three consecutive terms in a common school or in common schools in this State ; the proof of age to be the declaration on honor of the applicant ; and of moral character, and the satisfactory discharge of the requisite terms

of teaching, a certificate from the proper Board or Boards of Directors, signed by the President and Secretary and countersigned by the proper County Superintendent or Superintendents.

2. The examination to be in the Elementary, Scientific, or Classical Course, as the applicant may select according to the list of studies as printed in the circulars of the State Normal Schools, and approved by the Superintendent of Common Schools, or in such other studies as may by the Board of Examiners be deemed equivalent.

3. Any person obtaining a certificate in the Elementary or Scientific Course, may, at the next or any succeeding annual examination, be examined for the higher course, and obtain the proper certificate.

4. Each applicant to prepare and present to the Board of Examiners an original thesis on some professional subject, of not less than six folio pages of manuscript, to be retained at the school where the examination takes place.

5. The examination and certificate to be without expense to the applicant, and the certificate to be full evidence of qualification to teach the branches therein named, in any part of the State, without further examination.

6. Practical teachers attending examinations at State Normal Schools, for the purpose of procuring State Certificates, should be examined separately from the regular students, and both the Board of Examiners and the Faculty of the school at which the examination is held should take part in the examination, all being required to sign the certificate.

All the Diplomas are authorized and furnished by the State, and exempt those who hold them from any further examination by authorities acting under the provisions of our Common School laws.

Application for Teachers.

Many Principals of Academies and Seminaries, and Directors of Common Schools apply to us for Teachers. We are always glad when we can answer such requests by furnishing good teachers, but we are better able to do so near the close of each term. Our friends must not suppose, however, that *all* persons who attend our school for three to six months are made good teachers.

We hold ourselves responsible only for graduates.

TEXT BOOKS.

The most of the books used in the Institution are rented to the pupils at one dollar per term.

Text Books used. Robinson's Series of Mathematics; Greenleaf's Geometry; Kerl and Brown's Grammars; Shaw & Allen's Comprehensive Geography; Hitchcock's Physiology; Quackenbos' Composition and Rhetoric; Lossing's Histories; Wells' Natural Philosophy; Youman's Chemistry; Gray's Botanies; Tenney's Zoology and Geology; Abercrombie's Mental and Alden's Moral Philosophy; Woodbury's German; Fasquelle's French; Harkness' Latin; Wilson's General History; Shaw's Literature; Greenleaf's N. Arithmetic.

Many other books are used for reference. Copies of all the modern, and very many of the older text books, are constantly kept within reach of pupils. Classes are frequently drilled for a time in different books from the ordinary course. As far as possible *principles* and not books are taught.

MUSICAL DEPARTMENT.

The object of this department is to furnish a solid Musical education, in all its branches, practical and theoretical, to those desirous of fitting themselves for the profession either as teachers or performers.

EXPENSES.—Piano, Organ, Cultivation of Voice, Thorough Bass, Musical Composition, each \$12 for twelve weeks.

Violin, Guitar or Brass Instruments, each \$10 for twelve weeks.

Daily lessons and Exercises in the Elementary principles of Vocal Music in classes, free of charge.

No deduction will be made from the above rates of tuition except in cases of protracted illness.

Students pursuing a regular course in Music, and sustaining a critical examination in the same, shall be entitled to receive a Diploma.

NORMAL LITERARY.

This Society meets every Saturday evening for Literary Improvement. The members are of both sexes.

EXPENSES.

PER TERM OF FOURTEEN WEEKS.

For Fall and Spring Term, including Board, Rooms, Tuition,	
Fuel, Oil and Washing, one-half in Advance.....	\$60.00
For Winter Term, " " "	64.00
For Day Students, Tuition, " "	10.00
Total Expenses for school year	\$184.00

No extra Charges.

Students' Rooms are furnished with Stoves, Chairs, Tables, Stands, Pails, Bedsteads, Mattresses, Pillows and one Comfortable.

Applications for rooms in the Normal Building should be made to Prof. Charles H. Verrill.

Early and *definite* applications must be made to secure rooms.

REGULATIONS.

1.—Students entering are requested to register their names and pay one-half of the Term bill; the balance at the middle of the Term.

2.—Every Student is requested, on entering, to give the Principal information in regard to the following particulars: Whether he designs fitting himself for a Teacher; whether he has ever been employed as a Teacher; what length of time he designs remaining in the Institution, and whether he desires to pursue the regular course for Graduation.

3.—Students, who have never been employed as Teachers, are requested, before presenting themselves to County Superintendents for examination, to make known their intention to the Principal.

4.—Students boarding in the building are requested to provide themselves with *slippers*.

5.—The hours regularly assigned to study are to be faithfully devoted to the preparation of the exercises required.

6.—All students are requested to attend the morning and evening Chapel exercises; the evening Chapel exercises however are voluntary on the part of those who do not board in the *building*.

7.—The study hours during the year are as follows: A. M., 8 to 12; P. M 2 to 4½, and from Evening Chapel (7 o'clock) till 9¼. The retiring hour is 9¼ in the evening.

8.—No verbal excuses are received for absences from Chapel exercises or from any class exercises; but cards of excuse will be granted by the proper authority where satisfactory reasons are given. These cards should be obtained before the absence when practicable. All students connected with the institution, whether boarding in the building, in clubs or private families, wishing to leave town, are requested to obtain a card from the Principal, stating the time they are to be absent. These cards are to be given to the Registrar.

9.—Each student will be held accountable for any disturbance or damage in his room.

10.—After rooms are assigned no changes must be made either in Term time, or at its close, except by permission from the proper authority.

11.—Students will not visit the dining room, at any other than meal time, nor the wash room or music room, without permission.

12.—Students are kindly requested not to leave the tables during meals except for good reasons, and then only by permission from ladies sitting at the head of the table.

13.—Students inviting friends to meals should always give notice of the fact that seats may be provided for them.

14.—Students boarding in the building furnish their lamps, napkins, towels, pillow slips, sheets, and one comfortable, which, together with all clothing, should be distinctly marked with the full name.

15.—Students can enter at any time, provided they remain at least a full term, though it is earnestly recommended that they commence with the opening of the terms.

16.—Students wishing books for use in daily recitations, or wishing to pay bills, are requested to attend to this business at the close of the P. M. session of school.

DISCIPLINE.

This Normal School is intended to be a self-governing institution. The persons to whom it claims to offer decided advantages, must of necessity be those who well understand what is requisite in order that the largest return may be received by them for their outlay of time and money. If any, through inadvertency, should give evidence that they had mistaken the school in this respect, there would be no hesitancy in granting them a perpetual furlough.

LOCATION.

Mansfield is a Borough of some six hundred inhabitants, situated on the Corning and Blossburg Railroad, thirty miles from the former place. It is easy of access from all points. From the southern part of the State by the Philadelphia and Elmira Railroad to Troy, from which place a daily line of stages runs over the remaining distance of sixteen miles. Or by going through Elmira, the whole distance may be traveled by railroad. The difference in time and expense is slight. In either case students leaving Philadelphia in the morning arrive here at 10:30 A. M., of the next day, stopping over night at Troy or Corning. Expenses through about ten dollars.

The surrounding country is scarcely surpassed in the beauty of its scenery, and the quiet "Valley of the Tioga" presents an inexhaustible fund of knowledge in its Botanical and Geological resources.

BUILDINGS AND FIXTURES.

The building is of brick, one hundred and fifty feet in length, by fifty feet in width. The main building is five, and the wings four stories high, including the story of sky-lights. The rooms for students are large, with extra height of ceiling, and white-washed or papered.

The building in its arrangement possesses conveniences and comforts seldom found.

The grounds about the building have been somewhat extensively ornamented with trees and shrubbery during the past few years.

The cost of the buildings and grounds is about thirty-six thousand dollars.

The building is now furnished with furniture of the most approved style, together with an extensive collection of maps, charts, and works of reference. The Chemical and Philosophical apparatus, which is now quite large, will receive additions, such as may be needed to make it all that could be desired in an institution of this character.

Through the liberality of Judge E. Dyer of Covington, the institution is now in possession of a fine Mineralogical and Geological Cabinet.

To keep pace with the improvements in education, a Gymnasium has been erected. A valuable apparatus for the heavier and lighter exercise has already been secured.

GENERAL REMARKS.

The Trustees are much gratified in being able to state to the public, in this their Fourth Annual Catalogue, that the success of the Institution, under its present management, has exceeded their most sanguine expectations.

The State appropriations, together with the important aid rendered by the late Hon. JOHN MAGEE, some five years since, and his timely and much appreciated donation on the 1st of January, 1867, of \$3,332, have enabled them not only to complete the buildings and grounds so as to fill to the letter the representation in the cut, but to extinguish the greater part of all outstanding liabilities.

The demand upon the school for rooms, calls in the most urgent manner for more buildings. It is hoped that the way may be opened ere long for making the needed additions. A building of equal size with the one now occupied is required to meet the wants.

The boarding hall is so arranged that students are grouped in families of ten or twelve at the tables. This grouping is made with distinct reference to the cultivation of social habits, and the rules and usages of good society. Each table has an equal number of each sex alternately seated around it. By this arrangement, very many of those rude and unrefined habits so often met with in boarding halls are done away with, and better ones substituted.

As in the home circle the association of brother and sister is beneficial,* so in the school-room the co-education of ladies and gentleman is deemed mutually beneficial; and we have invariably found, that the good sense of both, when under proper restraint and regulation, has developed a social intercourse which has been productive of a greater growth in mental and moral culture.—The sexes when together are always under the supervision of teachers.

The three churches of the place furnish opportunities for religious worship on the Sabbath, and each student is required to attend some place of worship at least once during the Sabbath, unless for special reasons; he may be excused. Among the other religious privileges of the school, are the Sabbath Morning Bible Classes and Sabbath Evening Prayer Meeting. Students are cordially invited to attend them. Much good, it is hoped, has been done by these instrumentalities.
